

GRANDVIEW Steps COOLUM BEACH

The **Grandview Steps** concept is a pedestrian pathway linking Grandview Drive with Scrub Road, through an easement just below Millen Court.

It is the first part, hopefully, of a broader plan, to create a set of pathways, linking the separate areas of Coolum Beach. It is a community project designed to add value to our public spaces.

The advantages are many. Well designed pathways encourage fitness and social interaction. They provide an environmental focus and foster community involvement.

As a community group we look forward to working with Council to design and build the Grandview Steps.

If you are interested in the project then please contact us at grandviewsteps@gmail.com

Please come along to the community meeting on Friday 7.30pm at John Fuller's home at 64 Grandview Lane. Ph: 5446 5805
